Subject: Appreciation for Delivering Technical Presentation on National Energy Conservation Day 2025

Dear Sir,

On behalf of The Institution of Engineers (India), Uttarakhand State Centre, Dehradun, I extend our sincere gratitude and appreciation for delivering the insightful technical presentation titled **"Why AI Is No Longer Optional in Energy Engineering"** on the occasion of **National Energy Conservation Day 2025**, observed on 14th December 2025.

The theme for National Energy Conservation Day 2025, **"Advancing Sustainable Energy Innovation and Citizen Participation,"** was very well aligned with your presentation. Your deliberation effectively highlighted the growing significance of Artificial Intelligence in modern energy systems and emphasized how AI-driven solutions are transforming energy efficiency, smart grid management, renewable integration, and sustainable development practices.

The session was highly informative and engaging for the members, students, and participants. Your expertise and practical insights enriched the technical understanding of attendees and inspired meaningful discussions on the future of energy engineering in the era of digital transformation.

We sincerely appreciate the time and effort you devoted to sharing your valuable knowledge with the engineering fraternity. We look forward to your continued association and guidance in future technical activities of the Centre.

With warm regards,

Yours sincerely,

H. Awasthi
